RAILROADS.

RACINE & MISSISSIPPI R. R.

THIS road, now open to Durand, 55 miles from Racine, and within 10 miles of Prospect, forms with its connections, the shortest, cheapest and most expeditious route from Racine and Milwaukee to all parts of southern Wisconsin, northern Illinois and Iowa. Trains leave as follows:

GOING WEST.
Leave Racine—Passenger Train at 7.45 A. M.
" " Freight Train, at 7:45 "
" " Passenger Train, at 2:00 P. M.

GOING EAST.
Leave Rockton—Passenger Train at 6:00 A. M.
" Rockton—Freight " 8:30 A. M.
" Durand " " 1:15 P. M.
arriving in Racine in time for the afternoon train on the Lake Shore Railroad for Milwaukee, and by Steamer for Chicago.

STAGES
connect with from trains at Durand to and from Prescott, at Burlington, for Rochester and Waterford—at Elkhorn, for Whitewater. At Beloit and for Geneva.
☞ Freights will have prompt despatch over this road, and can go to and from Milwaukee without change of Cars.

ROBERT HARRIS, Superintendent.
Racine, May 25th, 1857. may26

PITTSBURG, FT. WAYNE & CHICAGO
RAILROAD!
THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all Interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between

CHICAGO AND THE EAST,
FARE AS LOW AS ANY OTHER ROUTE.
☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.
Trains leave Depot on VAN BUREN ST., daily as follows:
7:25 A. M. 9:15 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH
To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the Great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.
Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.
Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.
Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

Also connects at Michigan City, (except Saturday) direct, with trains on N. Albany & Salem R. R. for New Albany, Indianapolis, Cincinnati, Dayton, Columbus, Zanesville, Bellefontaine, Union, Wheeling, Baltimore, Washington and Philadelphia.
☞ The trains on the Chicago, Burlington & Quincy, Galena & Chicago Union, Illinois Central and Michigan Central Railroads run into the same Depot at Chicago, saving the expense to passengers of hack hire and trans fer of baggage.
The 7.40 a. m., 3.30 p. m. and 9.15 p. M. trains make direct connections at Toronto with the
Grand Trunk Railway,
To Kingston, Ogdensburgh, Montreal, Quebec, and all points in Canada East, Northern Vermont, New Hampshire and Maine.
It is well known by the traveling public that this Road has no competitor of equal facilities from Chicago to Niagara Falls, New York, Ogdensburgh, Montreal, &c., &c.
The only train that leaves Chicago Saturday night is over Cibs route, 9.15 p. m. One train Sunday, at 9.25 p. m. No 8.30 train Saturday.

"FACTS ARE STUBBORN THINGS."
WEST'S
PATENT GALVANIC CEMENT FOR ROOFING!
IT MAKES a better Roof than Tin, at less than half the cost. Those who know it best speak of it in the following terms:
We were present at the disastrous fire in Salina, last fall, and took particular notice of the effect of the fire on "West's Galvanic Cement" Roofs. The composition was fire proof. Burning boards and cinders fell on the roofs, but did no harm. The inside of the buildings were burned out, and the roof nearly so, but entirely consumed, before any fire would break through the roofs—it will resist fire longer than tin, and there is no other kind of roofs that are so entirely proof against water.
Syracuse, March, 1857.
Alexander Duff, A. Crippen,
G. Z. Johonnot, Elmer P. Morse,
E. Ford, Jr., Wm. Johonnot.
The superior claims which this Elastic Composition,
Fire and Water Proof Roofing,
Has over the various ordinary Cements and Composition which have been offered to the public, consists in the fact that it has proved for years, *effectually to verify the confidence* of those who have given it a trial, and to this fact we attribute the general favor and universal patronage it is obtaining in this City and State.
To all who are erecting new buildings, that would if possible, at a reasonable price, avoid the perplexity and annoyance of *defective and leaky roofs*, and secure such as will be a *perfect protection from the elements*, we submit the following facts and conclusions:

To the Proprietors of West's Patent Galvanic Roofing:
GENTLEMEN—At the time some of the numerous property holders of this city, who have availed themselves of the advantages which your Elastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far, fully fully sustain and corroborate the *very proof* you have therefore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material*:
J. G. Ordway, Sash, Doors and Blinds; H. Wolcott, E. Benton, O. Alexander, M. A. Krug, B. Heller, Ernst Herzer, F. A. Hallman, builder, Tibbetts, Starkweather & Co., J. B. Turay, Wm. P. Young, John Rosebeck, B. & S. Seats, Th. Weissbach, Baltzer, Bros., builders, W. H. Metcalf, G. Pfister & Co., Haven Powers, G. A. Starkweather, J. B. Wild, Chapin, Gregory & Atmour, Baxter & Isham, Charles B. Austin, J. H. Silkman, Martin Ourts & Silkman, Bros., builders, H. Rondle, builder, Oh. Preusser, F. Reddels & Co., Geo. F. Austin, H. A. Nichols, Martin & Rugee, builders, H. H. Camp.

Within the past year, I have paid THREE HUNDRED AND SEVENTY-THREE DOLLARS for repairing leaky and defective roofs. The composition used for such improvements is known as West's *Galvanic Cement* for roofing. I am so well satisfied of the utility received for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of Jefferson and Michigan streets. ALEXANDER MITCHELL.

During the winter of 1856 and 1857, I had West's Galvanic Cement Roofing applied to the Excelsior Block, erected on the corner where the United States Hotel was burned. This roofing, although yet in an unfinished condition, having only about one-half the composition of a complete roof, and that in the most unfavorable season, is in all respects answering the purpose of a complete roof. These facts, together with many others within my knowledge, are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most perfect and reliable article for covering buildings, that has been offered to the public. J. H. CROSS,
Mayor of the City of Milwaukee.

I have had the composition above referred to applied to the Newhall House during the past winter, and my experience, knowledge and opinion correspond with and fully corroborate the above facts and conclusions.
DANIEL NEWHALL.

From our knowledge of the composition for covering buildings, known as West's Galvanic Cement for roofing, which has been very successfully used in this city the past year with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use, and worthy of the fullest confidence of the public.

IN CONNEXION WITH
MILWAUKEE & MISSISSIPPI R. R.
SHIPPERS OF FREIGHT and the Merchants of the Upper Mississippi River are notified that merchandize for the various landings marked to the care of the Milwaukee & Mississippi Rail Road at Prairie du Chien, will be received there on the Levee by the undersigned for shipment at Tariff Rates:—
By Steamer Milwaukee, Captain Hewitt.
" Hanna, " Whiteon.
" Ocean Wave, " Andrews.
One of which new and powerful side wheel boats leaves the Prairie every day at 9 o'clock for St. Paul, arriving there the next day at 10 o'clock A. M.
It is the object of both the Road and the Boats to prevent all unnecessary charges, and as goods are transferred by the Rail Road Company directly from the cars to the Levee, without any expense to the consignee, no commissions whatever will be permitted to be charged.
Merchants will bear this in mind in making their shipments, and as it is the intention of every one connected with this Route to make it a popular one, no delay will take place in sending freights forward.

VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, JULY 8, 1857. NEW SERIES.

THE DAILY SENTINEL.

KING, JERMAIN & CO.,
PUBLISHERS AND PROPRIETORS.

RUFUS KING.....T. D. JERMAIN.....H. H. BRIGHTMAN.

MILWAUKEE:

WEDNESDAY MORNING, JULY 8.

Dissolution of Co-partnership.

THE CO-PARTNERSHIP heretofore existing between the undersigned, under the name and style of RUFUS KING & Co., has been this day dissolved by mutual consent.

All debts due the firm must be paid to Rufus King and all outstanding accounts against the firm will be settled by him.

Milwaukee, July 1st, 1857. jy8

Business Notice.

It will be seen from two notices under the editorial head of our paper this morning, that a change has taken place in the proprietorship of the Milwaukee Sentinel News and Job Printing Office, Mr. W. H. WATSON having disposed of his interest in the establishment, and being succeeded by Mr. T. D. JERMAIN and HORACE H. BRIGHTMAN. The change of proprietorship in volves no change in the political sentiments, or course of the *Sentinel*. The new proprietors contemplate various improvements in their newspaper and job office, and trust to deserve a still more abundant measure of that liberal patronage which the Milwaukee Sentinel has always enjoyed.

Reported Indian Massacre.

The telegraph brings a report from St. Joseph Missouri, to the effect that a body of 100 American troops, under Col. SUMNER, and 50 Traders, had been attacked and cut to pieces by a large body of Indians on the plains. We have no doubt that the report is wholly untrue, or greatly exaggerated. It will be seen by our evening despatch that Gen. HARNEY, who is at Fort Leavenworth, discredits the story.

The Test of Spiritualism.

So widely has this delusion spread throughout the country, that the late test which has been applied to it in Boston is worthy of more than the passing notice which we have given to it.

The trial of the "spirits" arose from an offer made in the Boston *Courier* of $500, to be paid to any one who should establish, to the satisfaction of a disinterested committee, the reality—the genuineness—the supernatural character of the various phenomena which are relied upon by the advocates of so-called spiritualism.

Dr. GARDNER, acknowledged to be the ablest of these advocates, accepted the challenge. The following committee was appointed; Professors BENJAMIN PIERCE, LOUIS AGASSIZ, B. A. GOULD, Jr, and E. N. HORSFORD.

The following agreement was drawn up by the parties:

Meetings to be held in a suitable room in the city of Boston, to continue six days, or a longer time if desirable, and two hours each day to be devoted to the investigation, commencing at 11 and closing at 6 o'clock, P. M.

All the arrangements and details for the forming the circles to be entirely under the control of Dr. Gardner, except the committee may remain out of the circle so formed if they choose to do so. If the phenomena are produced under the arrangements as ordered by Dr. Gardner, and they are not satisfactory to the Committee, they shall have the right to require them to be produced under such conditions as in their judgment will be satisfactory to them.

As harmony is an essential condition for the production of the manifestations, it is agreed that no loud talking, or exciting debate, or other unnecessary noise shall be allowed in the rooms during the sessions, and that each person present shall be treated with that respect and courtesy which is due from each person to every other in the society of gentlemen.

There may be present at each session the writer in the Boston *Courier*, and a friend, and the four gentlemen composing the Committee of Investigation, Dr. Gardner, and any number of persons not exceeding six at any one time, at his option, each being selected and invited by Dr. Gardner.

The writer in the *Courier* and the gentlemen composing the Committee agree that while they are at liberty to exercise all the shrewdness and powers of observation which they are capable of during the investigation, they will not exercise their will and power to endeavor to prevent the manifestations, but allow them to be produced under the most favorable conditions which a thorough scientific investigation will permit.

The investigation was held under the above conditions, with ample time and opportunity allowed. The strongest test-mediums, to the number of eight, were collected from all parts of the country. The apartments employed were selected by the Spiritualists themselves. At their request, the meetings were deferred from time to time, in order to allow them to make every preparation and to enable the mediums to "diffuse a favorable spiritual atmosphere throughout the rooms."

It should be observed that the *Courier* had rejected the only two theories to be held on the subject of the so called Spiritual phenomena—the hypothesis which indicated a new physical power which, if physical, must be subject to the investigation and the laws of science, but which, if real, had been discovered, developed and made manageable by persons extremely ignorant of science and in all other respects, and which only eluded the researches of the truly scientific—the other the theory of the Spiritualists themselves, which boldly imputed the manifestations to superhuman agency.

These things understood, we invite particular attention to the award of the Committee, as follows:

The Committee award that Dr. Gardner, having failed to produce before them an agent or medium who "communicated a word imparted to the spirits in an adjoining room," "who read a word in English written inside a book, or folded sheet of paper," who answered any question "which the superior intelligences must be able to answer," who "fitted a piece without touching it, or caused a chair to move a foot," and having failed to exhibit to the Committee any phenomenon which under the widest latitude of interpretation could be regarded as equivalent to either of these proposed tests, or any phenomenon which required for its production, or in any manner indicated a force, which could technically be denominated Spiritual, or which was hitherto unknown to science, or a phenomenon of which the cause was not palpable to the Committee, is, therefore, not entitled to claim from the Boston *Courier* the proposed premium of five hundred dollars.

It is the opinion of the Committee, derived from observation, that any connection with Spiritualistic Circles, so called, corrupts the morals and degrades the intellect. They, therefore, deem it their solemn duty to warn the community against this contaminating influence, which surely tends to lessen the truth of man and the purity of woman.

The Committee will publish a report of their proceedings, together with the results of additional investigations and other evidence independent of the special case submitted to them, but bearing upon the subject of this stupendous delusion.

BENJ. PIERCE, Ch'n.
L. AGASSIZ,
B. A. GOULD, Jr.,
E. N. HORSFORD,

Cambridge, June 29, 1857.

This report will stagger the faith of a great many people, who have clung to the notion that there is something supernatural in the developments in question; while it throws back into uncertainty a great many others,—and we are among them—who had hoped that, from an examination by such a Committee, some light might be thrown upon the mystery which surrounds those phenomena, which so many have witnessed and which are attested by as strong evidence as ever has established anything in human life.

THE FOURTH AT CHICAGO—REGATTA—FIRE AND LOSS OF LIFE.—Our Chicago neighbors celebrated the Fourth in good style. Notwithstanding the absence of two or three of their crack Military Companies, they got up a handsome procession, which attracted crowds of lookers-on.—In the afternoon they had their promised Regatta, which passed off finely. The first race, for four and six-oared boats, was won by the *Lady Putman*, four oars, beating the *Phantom*, six oars, the *Wenona*, four oars, and the *J. C. Fremont*, four oars. The three four-oared boats pulled in the Regatta here, last year, when the *Fremont* came out the winner. At Chicago, however, she was pulled by raw hands and stood no chance with the practiced crews of the other boats.—The distance pulled was 4 miles; time of winning boat 31 minutes, 16 seconds.

The second race for two-pair sculls was won by the *Maria*, of Milwaukee, built by N. Brooks, and pulled by himself and Stephen Cooling, beating the *Unknown*, of Chicago, pulled by J. W. Roberts and H. G. Ottignon. Distance 2 miles; time of winning boat 18 minutes 16 seconds.—First prize $60.

The third race, for one-pair sculls, was won by the *Mary Farley*, of Miwaukee, pulled by S. Cooling of this city, beating three other boats. Distance, 2 miles; time 21 minutes 15 seconds. First prize $60.

After the Regatta, the various clubs partook of a fine entertainment at the Tremont House.

In the evening a fire broke out in a Confectionary and Fire-works shop on Clark Street, occasioned by the accidental igniting of a box of fireworks. During the fire some rockets went off suddenly, and one of them struck the wife of Mr. N. J. SMITH, Boot and Shoe Dealer on Clark Street, who was standing by the side of her husband, at an open window, watching the fire.—The cap of the rocket penetrated the brain and exploded, killing her instantly. This was the only fatal casualty during the day.

CARROLL COLLEGE COMMENCEMENT, WAUKESHA.—The annual examination of the students in Carroll College will commence with those in the Preparatory Department, on Wednesday the 8th inst., at 9 o'clock A. M., to be followed by that of those in the College Department on the 9th, 10th, 13th and 14th. The Senior Class, consisting of five young gentlemen, will deliver their orations on the afternoon of Wednesday the 15th inst., to be followed by the conferment of their first degree of Bachelor of ARTS on the members of this class and a baccalaureate address by the President.

On the evening of Monday, the 13th, Professor EVANS, by appointment, will deliver an address before the "Union Missionary Society of Inquiry."

On the evening of Tuesday, the 14th, the Rev. Dr. CORTLAND VAN RENSSELAER, of Philadelphia, will deliver an address before the "Philomathean Society," a Library Association in the College.

The examinations will be conducted in the Chapel of the College edifice, commencing at 9 o'clock A. M., and 2 o'clock P. M.

The public speaking will take place in the Presbyterian Church, on the evenings of Monday and Tuesday, at 7½ o'clock, and on the afternoon of Wednesday at 1½ o'clock.

The occasion of this Annual commencement constitutes an interesting crisis in the history of this young educational enterprise in Wisconsin, as furnishing its first graduation class since its organization.

The friends of liberal education in the state, are cordially invited to be present at any and all of these exercises, assured that they will meet a cheerful welcome from the Trustees and faculty of the College, and the citizens of Waukesha.

The Fourth in Milwaukee.

The editor of the Janesville *Standard*, who spent Fourth of July in our city, gives a glowing account of what he saw and heard here. We copy two or three extracts from his account:

We were among the number of strangers present at Milwaukee on the 4th. The people of that city with a commendable energy and patriotism, had made ample preparation for the accommodation of their guests, who were there in great numbers.

The prayer of the Chaplain, Rev. Mr. Richmond, of the Episcopal Church, on the occasion, was a model of its kind. It was combined in pure English and well expressed, while not a sentiment or a petition in any part of it was calculated to offend the feelings or opinions of any.

The oration in English was delivered by Edgar W. Dennis, Esq., a young lawyer of Milwaukee. It was neatly conceived, well pronounced, patriotic and national in its character, and altogether creditable to himself and the occasion.

In the evening the whole city was ablaze with fire-works, of every imaginable kind, beautiful and fantastic, and closed a celebration which in all its arrangements and appointments, were equal to any we have ever attended.

It is, we believe, the unanimous opinion of all who attended the celebration of the Fourth in this city, that it was as brilliant and successful a one as they ever saw in the East, or West.

THE FOURTH AT RACINE.—The people of Racine celebrated the Fourth, by laying, with appropriate ceremonies, the corner-stone of the new College building. There was a large turn out of military and civic societies and a great concourse of spectators. Judge DOOLITTLE, our new U. S. Senator, delivered a very eloquent oration. The weather was delightful, and the day passed off pleasantly.

TRIAL OF REAPERS AND MOWERS.—A trial of these machines at Hamilton, Ohio, last week, there being twelve of each kind of machines entered, proved to be very interesting. The Committee made the following awards:

Mower—1st Premium		$60, Manny's Combined
" 2d	"	$20, Ohio Mower
Reaper—1st	"	$50, Atkins
" 2d	"	$20, Ohio Harvester
Combined—1st	"	$80, Manny
" 2d	"	$30, Iron Harvester

LADIES' "LINEN DUSTERS."—The Utica *Herald* says that the linen wrappers which are getting into use by the ladies now-a-days originated with the Zouaves, that dauntless yet isolated body of French troops, who went up the Malakoff hill amid the storm of iron rain. They first introduced the style of dress for fatigue purposes and called it "burnous." Those worn be the ladies are an exact pattern of the Zouave fatigue.

ERROR CORRECTED.—We were wrong yesterday in stating that Messrs. SMITH, DU MOULIN & Co. were the *publishers* of the New England Business Directory. They were the *compilers* of that work. Mr. ADAMS was the publisher.

WEATHER—CROPS.—With sunny warm weather the crops have been doing finely. The small grains, though some weeks later than usual, are looking extremely well. The meadows never looked better; having has already commenced, and the yield will be very large. Farmers will have quite a rest this year, between haying and harvesting. Cattle are now beginning to look sleek and fat.—*Platteville American.*

The Diplomatic Corps.

The Washington correspondent of the New York *Courier and Enquirer*, thus classifies the different grades and emoluments of the Diplomatic Corps of the United States, which will be found very useful at times, as a matter for reference:

Envoys Extraordinary and Ministers Plenipotentiary	8
Ministers Resident	14
Commissioners	3
Secretaries of Legation	10
Assistant do	3
Dragomen	1
Interpreter and Secretary of Legation	1
	40

The Consular Officers are:

Consuls General	7
Consuls	16
Deputy Consuls	10
Commercial Agents	12
Vice Consuls	23
Consular Agents	91
Vice Consular Agents	4
Agents of Commercial Agents	2
Interpreters	1
	167

The aggregate number of Diplomatic and Consular officers, then, is 208.

The two full missions of highest rank are those to England and France, to which is attached a salary of $17,500 each. The occupants of five other missions receive $12,000 each, of two others $10,000 each, and the Minister to Austria receives $9,000. But the lucrativeness of the offices, and the expenses of the system, will be best shown in the subjoined tabular statement of appointments and compensations authorized by law:

2 missions	$17,500 per annum	$35,000
5 "	12,000 "	60,000
2 "	10,000 "	20,000
7 "	of 2d grade at $7,500	121,500

St. Thomas	3,000	Tripoli	3,000
Valparaiso	5,000	Vera Cruz	3,500
Calcutta	5,000		

THE OCEAN AND CALIFORNIA ROUTE.—In addition to the compensation of $500,000 per annum which the contractors receive, they have the pre-emptive right of three hundred and twenty acres of land at each point necessary for a station house, not nearer to each other than ten miles. This is liberal, and with good management, on a contract of six years, the contractors may probably make the enterprise a successful one.

The law requires that each trip shall be performed within twenty-six days, and that the service shall commence within twelve months after the signing of the contract.

PHILADELPHIA BREWERIES.—The Philadelphia *Ledger* gives the following statistics of breweries in that city: "There are in Philadelphia nine breweries devoted exclusively to the making of ale and porter, and the amount brewed each week is about 4,960 casks, or 158,000 gallons. The barley used in the making of malt is grown principally in New York and Canada, and costs about $1,60 per bushel when delivered in Philadelphia, and after being made into malt is worth $2 per bushel. The annual consumption of barley in the city is estimated at 600,000 bushels, besides 350,000 pounds of hops, which are worth 15 cents per pound. The number of casks of ale and porter made annually is some 250,000, which sell at an average of about $7 each. The cost of the barley and hops alone consumed will amount to over one million of dollars."

ALBANY RAILROAD BRIDGE UNDER CONTRACT.—The Buffalo *Courier* says:—"A contract for constructing the Railway bridge across the Hudson river at Albany, has been entered into, with James McDonald, and W. W. Wright of Albany. The competition of the work was active, there being seventeen different bids. The gentlemen to whom the contract has been awarded, are experienced contractors and men of substance.—Mr. McDonald constructed the Albany and Montreal water works besides several miles of Railway in Canada. Mr. Wright has also been engaged in some heavy enterprises. They will enter at once upon the work of constructing the bridge. The cost will be about $500,000.

SURPLUS CROP OF PRINCESSES.—It is said that not less than fifty German princesses are of an age to be married; and thence, of course, eagerly looking in the matrimonial market. On the other hand, there are not more than a half a dozen continental princes who are of an age befitting the expectants. Among these are the Count of Flanders, Prince George of Saxony, both heirs apparent of thrones; Prince Napoleon Prince William of Baden, and two or three others of minor note.

THE STEAMBOAT EXPLOSION ON THE FOX RIVER.—The Oshkosh *Courier* extra brings us a few additional particulars of the blowing up of the steamer *Berlin City* on Fox river, on the 3d inst. The *Courier* says:

An examination of the wreck has been made, and the body of the engineer recovered from the fire-hold. No other bodies have been found.—The boiler was blown clear out of the boat. Parties have been dragging the river in search of it, thus far without success.

There were but few passengers, and it is certain, that including the crew, there could not have been more than thirty persons on board, probably not more than twenty-five. The memorandum of names taken by the clerk when he collected the fare, does not show but about fifteen passengers. It is the opinion to-day, that the disaster has been attended with much less loss of life than was at first supposed.

THE ARMY FOR UTAH.—Gen. Scott, dating head quarters at New York, has issued orders, of which the following portion may be interesting to our readers, as indicating the line of conduct to be pursued:

"The General-in-Chief, with the approbation of the War Department, issues the following orders:

1. That the 2d Dragoons, 5th Infantry and 10th Infantry, as they assemble at Fort Leavenworth, will be prepared, with the battery of the 4th Artillery now at that post, to march to and establish a post at or near the Salt Lake city, Territory of Utah.

Brevet Brigadier General Harney will command the whole force above described, continuing on duty according to his Brevet rank, and at the earliest practical day will put the troops in route, but will, until that time, retain his present command of the troops in Kansas.

2. On the 1st of January next, after the Territory of Utah shall have been entered with the troops, it will constitute a new and separate military department, to be styled the Department of Utah, and to be commanded by Brevet Brigadier General Harney, or the senior present, who will, from the time of leaving Fort Leavenworth, be the commander of a separate army in the field, within the sense of the 65th article of war."

LOOK OUT FOR COUNTERFEITS.—We were shown yesterday, a ten dollar bill of the Hudson City Bank' altered from a "one" on the same bank.—The alteration is so neatly and perfectly executed, that not one person in a hundred would notice it, unless his attention was particularly called to the matter. The scamp who made the alteration, is not likely to have stopped with a single bill. We are informed however, by M. S. Gibson, Esq., the cashier, that the bank *has no ten dollar bills in circulation*, which fact, the public generally will do well to bear in mind.—*Hudson Chronicle.*

WEATHER AND CROPS.—The month of June brot crops along well. The alternating weather, between warm and cool, wet and dry, just served for wheat and corn—indeed everything of the grain and vegetable kind has been doing so well that nobody can complain; the professional grumblers have suspended all intercourse with their neighbors, because they have no fault to find.—*Grant Co. Herald.*

Grant County—Wisconsin.

For the benefit of a large number of readers of the *Sentinel* in the Eastern States, many of whom may be preparing to come west, we copy the following article from the Grant Co. *Herald*, shewing the advantages which that fine county holds out to settlers;

Grant County, which is the south-westen county of Wisconsin, has been settled for over 20 years; it is a large county, and the assessed valuation is over $2,000,000, with a population exceeding 20,000; the county is surrounded by railroads and rivers, has the best soil to be found in the west—best because it is a limestone land and will wear for centuries, 20 years cultivation not perceptibly reducing its producing powers; timber is plenty, and it is the best watered region in the United States; almost every farm has one or more springs of the purest water and there are enough mill seats to supply a State. Our American, English, German and Scotch citizens consider this region the most healthful in the world of their knowledge; being a dry atmosphere and a bracing climate, consumption is unknown except from abuse, and billious diseases are of the mildest form; almost every District of two miles square has a school house, and roads, bridges, churches, public buildings, mills, shops, &c., are supplied in every neighborhood—*all paid for and to be enjoyed gratis by those who purchase property and reside in Grant County.*

The price of unimproved land, in Grant County is $10 per acre—seldom exceeding $15, the latter being an average price for improved farms, with good houses, barns, crops, orchards and inclosures. Quite a difference, the reader will see, between lands of like quality in Iowa, which command from 30 to 50 dollars per acre, and in Grant County! Yet such is true to the letter, as any man can find out by visiting both regions and judging for himself. All these ready made improvements—railroads, schools, roads, mills and shops, are at work by steam and animal locomotion in Grant County; in northern Iowa all such improvements are in the air and yet to be paid for! Yet lands, by the force of lying speculators, are run up to higher prices in northern Iowa and Wisconsin and Minnesota than in Grant County! It is an outrage that eastern papers and honest men everywhere ought to expose.

STEAMBOAT WINTERING IN THE WEST.—The following is related as one of the experiences of the crew of the steamer *Morton*, which has recently arrived at St. Louis, having left that city in September last, and been frozen in, Dec. 30th, 1,250 miles up the Missouri:

On the 6th of February they were visited by decidedly the most severe storm of the season, and looked every moment to see their cabin swept off. "Lashing upon lashing," no doubt, saved it. The night was spent in watching the ice, prepared to meet the worst. On the following morning the gale abated somewhat in fury, and the men were sent to the island below for fuel. The wind soon rose again, however, and the crew on their return, lost their way in the blinding snow storm. They were going in an opposite direction, and would not have found the boat again had it not been for the assistance of a friendly Indian, who heard their oaths and acted as their guide. Some of the party returned with their feet badly frost bitten.

The snow at this time was level with the guards of the boat clear across the river. In order to chop down trees for fuel, the men were obliged to stand waist deep in the snow. At the period of which we speak, in consequence of the scarcity of provisions, only one ration a day was served. This was entirely insufficient to satisfy the keen appetite engendered by the peculiarities of the climate. They remained thus hibernated, and suffering many vicissitudes and privations from cold and hunger, until the 22d of March, when the ice broke and they were again afloat. The precautionary measure had been taken of erecting a "crib" around the boat; yet when the ice started the steamer was in imminent danger of being wrecked every moment. The vessel, however, was rescued from this new peril, and after encountering many obstacles from ice and storms, they reached Fort Randall on the 1st of May, and Fort Pierre on the 11th of the same month. On the 17th of May they were homeward bound, and arrived at St. Louis, as we have stated, last Saturday. Notwithstanding the many perils and hardships of this tedious trip, the men, generally, preserved excellent health and spirits, and with the exception of their browned and weather-beaten countenances, looked none the worse for wear.

OLD TIMES IN MARQUETTE COUNTY.—The Montello *Express* relates the following anecdote of early days—say 12 or 15 years ago—in Marquette county:

Capt. M——, known to many of our readers kept a little country store in the then village of Tichora. A farmer came in one day, in great haste, after some medicine for a child that he thought was dying. But not a mite of the kind of medicine wanted was in the store. The farmer started out with a look of despair, when he was called back by M——, with,

"Here, here, hold on, Col., hold on."

The farmer turned back with a look of hope, when the merchant continued:

"Hold on a minute. I have sent an ox team to Milwaukee that I expect back in ten or fifteen days, I can let you have it then?"

That would seem rather poor consolation to a man with a dying child, especially to us in these days, when we can leave here in the morning, go to Milwaukee, have about three hours to do business in, and get home the same day.

TWENTY-TWO YEARS.—While conversing with Mr. Dousman, of Milwaukee in front of the Walker House, on Friday night last, he pointed to the spot where Ludington's magnificent block of buildings now stand, and said:

"Twenty-two years ago to-morrow, Solomon Juneau, with some five or six other men, myself included, put up the first warehouse ever erected in this city. It was a small frame building and was called 'Juneau's warehouse.' We tugged and toiled a long time at it making but little progress, and, at last, by the aid of a party of sailors, who chanced to come into port that day, and the use of the hoisting apparatus they used on board their boat, we succeeded in getting the frame work raised—and subsequently completed the building."

This was but twenty-two years ago, and then there was but one or two houses, or rather, shanties, in Milwaukee. To-day it is a noble city, as beautiful as any in the Union, with a population of over forty thousand, and a future before it as bright and promising as that of any city in the west. This is progress—this is the west.—*Janesville Standard.*

RATHER STRONG.—It seems to us that Mr. Buchanan's organ at Albany, the Argus, goes it rather strong when it says that the case of Walker in Nicaragua stands better on the record than that of *the Pilgrims of the Mayflower!* It seems to us that this proposition ought not to be laid down on mere authority, without argument or illustration. We think that, however the two might compare on the whole, our candid friends of the Argus will admit that in certain particulars the Pilgrim Fathers were at least equal to Walker and his men. Perhaps there was nobody in the Mayflower quite up to Col. Titus, but then he came into the field late, and we think that Carver and Robinson and Standish, may be safely named with Lockridge and Kennigsen and Fayssoux. Of course the result of the expedition that came out in the Mayflower will not compare with what Walker—is going to do in Nicaragua. Nobody pretends that.—*Prov. Jour.*

A FOURTH OF JULY INCIDENT.—Mr. Kruer, of the *Staats Zeitung*, of this city, was presented by his wife, on Saturday last, with a fine boy weighing *thirteen* pounds—one pound for each of the original States. He calls the youngster THOMAS JEFFERSON. The Editorial Convention at Portage, next Thursday, will doubtless take action upon the subject.—*Madison Journal.*

THE DUTCH IN JAPAN.—The official Journal of the Hague of the 5th inst. contains a long report to the King of Holland, from M. Meyer, minister of colonies, and M. Govers, minister of foreign affairs, relative to Japanese affairs, and his mission has approved it. Annexed to the report are fifteen articles agreed to between the Dutch and Japanese agents, which articles are to form part of the treaty between Japan and Holland, concluded on the 30th of January, 1856. These articles amongst other things stipulated that the Dutch shall be allowed to exercise their worship freely and that they shall no longer be subjected to the impious custom of trampling under foot the image of our Savior on the cross. They also enact that the Dutch shall be permitted to trade in the opening ports and to sell to and purchase from Japanese traders, and also to take their wives and children to the said ports. The articles further declare that the importation of foreign and the exportation of Japanese money shall be allowed; that the Japanese government may level moderate, import, transit and export duties; and lastly, that the Dutch at Nangasaki may maintain free relations with foreigners, both on board vessels and at Decima. The report adds, *that the Japanese government has declared itself ready to conclude treaties with all foreign governments that may wish for them.*

BADGER STATE SAFES!

FIRE & BURGLAR PROOF!

THE WIDE EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our Steam Works, (Nos. 215, 217 and 221 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

Horticultural Society Exhibition.

On Thursday of this week, the first exhibition of the Milwaukee Horticultural Society, for this year, takes place at Young's Hall. The season is so far advanced, that a fine display of flowers and vegetables, and garden fruits, may be expected.

In roses, especially, the exhibition ought to be splendid, as in looking at the gardens in and about the city, we notice that there is a profusion of these beautiful flowers in bloom. We wish that the Society could obtain the loan of a certain bid of roses that we know of, where in a space of 7 feet diameter, more than a thousand roses, of different kinds, are now in full bloom, impa ting fragrance to the air, and brightness and beauty to the whole vicinity.

BURGLAR FOILED BY A WOMAN.—On Monday night a burglar attempted to enter the residence of Mr. Clark, on Biddle street, in the Seventh Ward, and was about getting in through a window in the back part of the house, when Mrs. Clark detected him, and quite coolly took up a pistol and fired it at the fellow before he got in. It is supposed that the burglar got wounded, but he could not have been very seriously injured, as he made off mighty fast after the pistol was discharged. Mr. Clark, who is proprietor of the hair dressing saloon on Spring street, had not yet come home, and the thief was probably aware of this fact.

Mrs. Clark showed herself to be a very courageous woman.

YOUNG MEN'S ASSOCIATION ROOMS.—The rooms of the Young Men's Association have been removed from Hood's Block to Tweedy's new block on Main St., next to the Newhall House. There is a very neat set of rooms being fitted up on the second floor of this building for them, in which the books of the association are now placed, but as the shelving arrangements are not yet completed, the reading room will not be open for a few days. These rooms when finished will be neater and more convenient and spacious than those in Hood's block. The library which looks out upon Main Street, is a great improvement both in size and style upon the old one, and the reading room is proportionably superior in he other.

PHOENIX INSURANCE COMPANY.—We publish to day the advertisement of this new Insurance Company, lately organized, with a paid capital of $100,000, which has opened for business in a very handsome suite of rooms in the S. E. corner of the Newhall House.

The charter, obtained last winter, confers the powers of banking, except those of issuing bills, and a Banking Department is organized. The names of the officers are—C. C. BARNES, formerly of Waukesha, *President*, O. ALEXANDER, *Vice President*, D. MCDONALD, *Secretary*, and W. L. BEAN, *Treasurer*.

The list of Directors, to which we call attention, contains twenty-one assubstantial names, including several residing outside of the city, while the references are of the very best.

The "PHOENIX" commences business under very favorable auspices, and we wish its managers all the success that they desire, their well known character being a full guarantee that they will deserve it.

LITTLE DORRIT COMPLETE.—We have received from DYER & PASSMORE a pamphlet copy of this last work of Dickens, published by T. B. Peterson, 306 Chestnut St., Philadelphia:

It makes a closely printed volume of 317 pages, and is sold at the low price of 50 cents. Read what the Philadelphia *Dollar Newspaper*, of June 17th, says of this work:

"The plot is of absorbing interest, upon which is strung pearls and diamonds of descriptive writing. All readers sympathize heartily with little Dorrit, her pathos endurance and unfaltering love for all who leaned upon her for aid, and they must heartily rejoice when, at the altar of St. George's Church, she writes her name as the happy bride of Arthur. We suppose the new ready eighteen different editions of "Little Dorrit" a lot of which have been public ed simultaneously with the completion of the story in England, at an expense of *five Thousand Dollars*, for the privilege of having the advance as they appeared in England sent to him in advance of all others in this country. Enterprise of this kind is ever way creditable, and we trust the enterprising publisher will be repaid for his outlay by a generous purchase of this, the best work ever written by the immortal Boz."

STREET MARKETS.—One of our citizens writes us that the markets held in the streets are abundantly well supplied with all the vegetables of the season. They are held as follows:

Tuesdays and Fridays, Market St., corner of Oneida.

Wednesdays and Saturdays, Market St., corner of Division.

Mondays and Thursdays, corner of 4th and Prairie St., 4th ward.

AN IMPOSTER AT THE WRONG PLACE.—On Monday afternoon a fellow pretended to be entirely destitute, and unable to work, or speak English and exhibited a printed paper to that effect. The police arrested him for vagrancy, when he made a bold resistance and gave two policemen as much as they could conveniently do to lodge him in the Watch house, and at the same time managed to get off some tolerably strong English expressions. Upon searching him, a large amount of silver was found on his person which he carried in two bags, and which no doubt, he obtained by his imposition.

CONCERT SALOON.—This place of amusement is becoming quite popular with our citizens, and in fact it is the only place where entertainments of the kind are given in the city, where the English language is spoken, worth attending. The proprietors have recently fitted up a private entrance for the accommodation of families and children, and they will hereafter give interesting and instructive performances on Wednesday and Saturday afternoons expressly for the little ones and ladies.

The three Smith sisters are much admired by all who see them, and the youngest, LITTLE ADELAIDE, is truly one of the wonders of the age. She is but six years of age, and will dance anything that DICK SLEIGH ever thought of.

FATAL ACCIDENT.—Last evening, between the hours of five and six, a young man named Michael McGuire, who worked in Jone's Ship Yard, in the Fifth Ward, was fatally injured by the falling of a log. We learn that the log slipped while he, with some others, were engaged in moving it, and rolled over him, breaking his back. McGuire is a single man, 22 years of age, and a native of the Queen's County, Ireland. He was alive last night, but not expected to live until morning.

COOL.—Those strawberries, which McKeown serves up every evening, together with ice cream, lemonade, and excellent soda water. All the luxuries of the season can be found at his confectionery, and as he is a mighty clever fellow, and a polite gentleman, we advise all our friends to give him a call whenever they may want anything in the shape of sweet meats, fruits, and a thousand other delicacies too numerous to mention.

HOT WEATHER.—Yesterday was summer weather and no mistake. The mercury was up in the *nineties* and Kroeger's ice was in great demand, all over the city. After sundown our streets were thronged with people, searching for a breath of cool air and something cool to take with it. The Ice-Cream and Lager Beer Saloons were crowded with customers.

CREDIT TO WHOM CREDIT.—The Foreman of the new Engine Company, No. 7, Mr. BESSLER, don't exactly like it that our contemporary of the *American*, in its account of the procession on the 4th, could not see his new Company, which turned out, fifty strong, on that occasion, and desires us to request the editor to look sharper next time.

PALMER'S ADDITION.—The communication of "Justitiae," in regard to titles in this Addition, is inadmissable, for want of a responsible name. The writer should make the matters known over his own signature.

COMMISSIONER FOR MINNESOTA.—HR. J. S. FILLMORE has received the appointment of Commissioner of Deeds for Minnesota and is prepared to do all business incident to that office. See his card.

☞ A large sale of clothing and dry goods takes place this morning by Caleb Wall, City Auctioneer.

COMMON COUNCIL PROCEEDINGS.

PRESIDENT HADLEY PRESIDING.

July 6th, 1857.

A regular meeting of the Common Council was held on Monday evening.

Aldermen Doornink, Johnston, Loeffler, Plankinton, Mallory and Wergen were absent.

Sundry accounts were presented and referred appropriately.

Ald. Bass presented a petition from citizens of First Ward, asking to have the alley in block 182, in said ward, graded. Referred to local committee.

Ald. Greulich presented a communication from Chief Engineer, calling the attention of the Common Council to the necessity of procuring accommodations for Engine Companies Nos. 1 and 6. Referred to Committee on Fire Department.

Ald. Cotzhausen presented a petition to have the toll gate on the Ishion plankroad removed from within the city limits. Referred to City Attorney.

Ald. Greve presented a petition to have a public well made on the corner of East Water and Division's. Referred to local committee 7th Ward.

The chair presented a communication from W. J. Bell & Co., which was referred to Comptroller.

A communication was read from City Comptroller, stating that two notes, executed by the village of Menasha to this city, in payment for a fire engine, amounting to $400, were past due and unpaid, and requesting the Common Council to determine what course should be pursued in consequence.

Ald. Taylor presented a memorial from D. McDonald and others, requesting that block 101, in the 7th ward, be re-surveyed, and the boundari extended. Referred to local committee of 7th Ward.

A memorial from A. D. Seaman, and others, that Huron street, between Main and Milwaukee, in the 3d Ward, be not paved this season, which was referred to local committee of said Ward.

A petition was presented from W. Gray and others, asking that the grade on Marshall and Racine streets, as changed, which was referred to local committee of First Ward and Chief Engineer.

The Chair presented a communication from City Comptroller, with a schedule of bonds and coupons for cancellation; also stating that the Comptroller's note for $10,050, due on the 18th June, had been paid. Referred to committee on Finance.

A communication from City Attorney, relating to the removal of the toll-gate on the Green Bay & Mil. plank road, was referred in same committee.

An ordinance was passed to increase the salary of Chief Engineer from $600 to $500 per year.

Ald. Prentiss, from committee to whom was referred petition of M. Ettauer, to remove two frame buildings, which are within the fire limits, reported that said petition ought not be granted. Report concurred in.

Ald. Koulin presented resolutions that the subdivision of Bradley & Metcalf, in N. W. quarter of section 5, in the 9th Ward, be approved, the subdivision of A. E. P. Joy, of lot 14, in section 16, in First Ward, and the map of Baumbach's subdivision of lot 40, in school section, in 6th Ward, be approved, which were adopted.

Ald. Prentiss presented a resolution, which was adopted, that the Police Justice be authorized to discharge Roberts Lindsay, who is now in jail on a judgment due the city.

An ordinance was passed to regulate the sale of vegetables and other articles on 4th street.

An ordinance was passed authorizing the issue of City bonds to raise funds to pay city debts as they become due.

An amendment to the above was passed to make the amount of bonds to be issued for some $50,000.

A resolution was adopted fixing the salary of the tender of Cherry street bridge at $25 from the 1st of December next.

Adjourned to Friday, the 10th inst.

For the Sentinel.

Citizens, Citizens, Citizens of Freedom!

The oft-repeated outrages of our police, induce us to put the question "Under what form of Government do we live to reside?" for indeed we know not whether we live in a Free Republic, or under the Russian regime of the knout.

Charles Wenzel keeps a grocery in the Second Ward and has a few boarders; one of them had a little difficulty on Friday evening, on which occasion Wenzel acted as pacificator.

Late in the evening Policeman Gruber, of the 2th ward, in company with four others, came into the house of Wenzel, strikes him, Wenzel, with a stung shot, causing a large wound on his head, and arrests the said boarder. Soon thereafter Gruber returns with another policeman, walks into the house, threatens to knock down the wife, presents into the face of the landlord a revolver, and thus compels him to walk to the Station House, where he is kept imprisoned until 3 o'clock next morning.

Yesterday morning a complaint was made against him, and he was fined $5 on the strength of the testimony of two witnesses.

What course is left for Wenzel to pursue? What are the citizens to do, when policemen without legal authority and without the least cause, break into the dwellings of peaceable citizens, and maltreat them, and cap the climax of their fine doings, by dragging the bloody-beaten victims out of their houses and confine them all the night in the Watch House. It not long a crime against personal liberty and against property?

Citizens, it is time that we protest against the outrages of the policemen sustained by our money, and show them the proper limits of their duties.

CHAS. MAY,

And many citizens of the 2nd Ward.

Trial of Great Western Safes.

MILWAUKEE, July 1st, 1857.

We the undersigned, Bankers, Merchants, Underwriters, &c., at the request of Schumacher & Johnson, do hereby certify that on Monday, the 29th of June, 1857, we, as a Committee appointed, did superintend the firing of a Safe known as the "Great Western Safe," built by the said Schumacher & Johnson, and that having witnessed it being placed under a dense fire for two hours and a quarter, the said safe, when cooled by water, and the contents consisting of Bank notes, Books, Paper and blanks, were found in a perfect state of preservation. We therefore pronounce the test as perfectly satisfactory, showing the "Great Western" to be a safe that can be relied upon by the community at large.

NEW ADVERTISEMENTS.

FOR SALE.

THE IXONIA MILL PROPERTY to be sold at forced sale.

This valuable property, consisting of a flouring mill with two runs of stone, bolts and other machinery necessary for doing a grist and flouring business; one sawmill with two saws, together with the whole of the water power on Rock River, at Ixonia, 5 miles east of Watertown, Jefferson Co., Wis., is to be sold on the 24th of July, at 10 o'clock, on a judgment of foreclosure.

This property is situated in one of the best wheat growing sections in this State, and has a large territory that must necessarily pay tribute to it.

The lumbering business at this point is good for doing a heavy business, as it is surrounded by country furnishing timber for hard wood and bass wood lumber, and pine logs from the Wolf river pineries can be had at reasonable rates, in meeting with ready sale at good prices.

Those wishing to invest money in a waterpower cannot find a better opportunity. Refer to

Hotel to Rent.

THE HAWKINS HOUSE, in the Fifth Ward, close by Walker's Point Bridge, is offered for rent.

This house is well located for a hotel—is favorably known, and has a good run of customers—it is fitted throughout with gas, has a good billiard and bar room, and is close to the depot of the Lake Shore road.

For terms, apply to Wm A. Hawkins on the premises, or to OGDEN & WALL.

City Land Office, Michigan St.

WE WILL PRESENT to our citizens in a few days, a map of Judge Smith's Addition, in the Fifth Ward of the city of Milwaukee. We will make no comment at present about it, but will only say go and look at the premises yourself. It joins our old friend Horace Chase, Esq., and if you can select a more beautiful spot in this city it has not yet appeared. The lots have now all been staked out, and in the course of ten days we will have the many ready, together with a printed map of Milwaukee, drawn from Judge Smith's Addition, who want to make profitable investments, and secure themselves a beautiful spot for a home, where they have a beautiful view of the lake and city, wait for a few days. Judge Smith's Addition is on Clinton Place, which is graded, planked and gravelled, and eight minutes ride from Walker's Point Bridge, and joins Horace Chase on the East. jy7 CALEB WALL.

SALE OF LOTS

IN VLIET'S ADDITION TO NINTH WARD.

ON the 15th day of July next we will offer for sale at the City Land Office, on Michigan street, upwards of a hundred lots in the neighborhood of Mr. Vliet's residence. The constant demand on Mr. Vliet for small portions of his tract has finally induced him to lay out a part of it in lots—as that those desiring to purchase may have an opportunity of selecting such as they choose, and in order to afford an equal chance to everybody, we will sell upon a private sale, but will put them at public auction. To those who know the spot, it will be sufficient to say that the lots are for sale. To those who do not, and are looking for lots on which either to build, or to speculate, we say look for yourselves, and judge whether any of the places now offering in and about the city can compare with this. Lessons in
Foreign Languages.
MR. AND MRS. L. S. B. DE CHETTY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.
Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Chetty furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.
The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 7 to 8, for conversation.
Mr. DE CHETTY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and employed in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.
Mr. De Chetty will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.
The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Chetty will take charge of French correspondence in all the principal cities of France and will procure all such Price Currents that they may want.
